Oh yea? You political misfits and liberal pagans may find the job a little more difficult than anticipated. You don’t even begin to know how tough the senior citizens of this county can be when their very existence is threatened. So the dummies in DC think they can reduce the elderly population to a helpless segment of the population by either eliminating some medicare coverage or by cutting social security checks? They are wrong!

If FDR were alive today he would chastise the two Democrats and one Republican who more than anybody else have contributed to the pending backruptcy of Social Security. Money is put in the Social Security pot by withholding Social Security taxes from wages, but when jobs are gone to China and Mexico then there are no taxes to be withheld and the pot is almost an empty one. Couple with this the money borrowed by the liberal politicians from the Social Security pot, which has never been paid back, and it isn’t difficult to see why the pot is getting empty. George Bush, Sr., Bill Clinton, and the Jolly Green Al Gore will have to answer for their blunder to God one day.

Now, here is what beats it all. Liberal politicials have made it legal for illegal immigrants to come to America, work a few years, go back home, and Good Ole Liberal Uncle Sam will send them a Social Security check.

I’m captilazing Social Security because it’s important to the elderly of this nation, and warning all politicians at the same time that they’ve got a sleeping tiger by the tail in the senior citizens population.

Will Rogers once wrote, “I don’t make jokes. I just watch government and report the facts.” That’s JC. And I don’t like what I’m hearing and seeing.
