Allah, the god of Islam, enlists Muslim believers to elimate by force those who offend him and prevent him from ruling the world. Only those with their heads buried in the sand would fail to know that world domination is the goal of Islam. True Muslims therefore become the enforcers for their god, hoping to establish global rule.

Just last week, in Thailand, where over 4,000 from police and teachers to monks and children have been killed in the past 7 years by Muslims in Southern Thailand, but hardly a word in the mainstream media has been said, a 9-year-old boy was beheaded by the Muslims. Then they hanged or beheaded the rest of his family. The biggest lie President George Bush uttered while in office, took place after 9/11 when he said the Muslims are peaceful people. Without doubt, some of them are. But some are suffering from what has been dubbed as “Sudden Jihad Syndrome- resulting in a random outbreak of violence at almost any moment. It happened on AA Flight 1561recentlywhen a Yemeni man shouted “Allahu alebar” while trying to breakdown the cockpit door. Bleeding-heart liberals said he was confused confusing the rest room door with the cockpit door. The men aboard that flight knew that he was going to bring down the plane, so they subdued him.

My wife and I attended an information rally in Madison Thursday evening, sponsored by the Tennessee Freedom Coalation, with Geert Wilders from the Netherland as the leading speaker, Mr. Wilders, who is outspoken in speaking of the violence of Islam, warned over 4,000 of us of the dangers facing America. The Muslims have already taken over the government in much of Europe and America is next on their agenda. Only the ignorant are the liberals see no danger in them. The Muslims can have their civilization (its not a religion), but they can’t, for we won’t allow them to force it upon us.

Those who have espoused Christianity most stand against any enemy seeking to force their

so-called religion upon us. It is about violence, and we aren’t going to tolerate it in America, now or ever.
