

Are you sure you want national health care? What is it? National health care is one example of the socially elite's attempt to turn America into a socialistic country and strip people of their individual rights to manage their own health care. Look at two or three items in this Health Care Reform Bill:

Page 42: The "Health Choices Commissions" will decide health benefits for you. You will have no choice. A social engineer in Washington will over rule your doctor.

Page 425: Government provides approved list of end-of-life resources, guiding you in death.

Page 427: Government mandates program that orders end-of-life treatment; government dictates how your life ends.

Page 430: Government will decide what level of treatments you have at the end-of-life.

The above is only a tip of the iceberg. It will be a colossal message. Be careful what you ask for, you may get it.

### BAD NEWS FOR THE NATION AND HER CHILDREN

The following comes from (CNSNews.com, June 18, 2009) and was prepared by Adam Brickley. Read it and weep Obama!

Obama appoints pro-gay activist (who promotes pro-gay clubs in public schools) to be "Safe Schools Czar." Kevin Jennings, appointed by President Obama to be assistant deputy secretary of education in charge of the Office of Safe and Drug Free Schools, is founder of an organization dedicated to promoting pro-homosexual clubs and curricula in public schools.

Jennings founded the Gay, Lesbian and Straight Education Network (GLSEN), an organization that is prime force behind the creation of "gay-straight alliance" clubs in high schools, and some Jr. highs, around the country.

The organization says that each member of every school community is valued and respected regardless of sexual orientation or gender identity/expression." "We welcome as members any and all individuals, regardless of sexual orientation, gender identity/expression or occupation, who are committed to seeing this philosophy realized in K-12 schools," the organization's Web site says.

Gay-straight alliances are student organizations designed to promote the idea that some children are homosexual and advocate for LGBT (lesbian-gay-bisexual-transgendered) rights on school campuses. The organizations seek to normalize homosexual behavior—and teach students that opposition to homosexuality or to "transgenderism" is a form of "oppression."

### CREATING GAY-STRAIGHT ALLIANCES IN PUBLIC SCHOOLS

GLAWN (Gay, Lesbian and Straight Educations Network) publishes a manual called "The Jump Start Guide" to instruct teen and pre-teen students in how to form alliances. The guide which found on the GLSEN Web site, specifically instructs students in the tactics of homosexual activism. Go to: [www.csnews.com/public/content/article/.aspx?RsrelD=49741](http://www.csnews.com/public/content/article/.aspx?RsrelD=49741).

It is coming down pick-wait and see- school will be ordered to form gay and lesbian clubs, and if they don't their federal dollars will be taken away, and some of my fellow teachers would do almost anything, short of criminal for a federal money.

Title 1 is an example, and now schools are in a bind over it, including Macon County.

### ANOTHER POLITICIANS SWITCHES HORSES

A moderate Republican becomes a liberal Democate! Oh, he would never admit to it, but the proof is in the puddin. First, he voted for the stimulus package, which was designed to help the elite, not the poor jobless citizens of America. Then he voted for a liberal for the Supreme Court who will allow her feelings to dictate the outcome of an issue, not the Constitution. Way to go Lamar Alexander. You've lost me as a supporter. Also, Lamar has voted yes on 65 percent of

Obama's bills put before him. May your piano get out of tune, you have betrayed the great state of Tennessee.

**REPORT YOUR NEIGHBOR**

I keep hearing that a website has been setup in Washington for neighbors to report neighbors who oppose Obama's health bill and who speak negatively about the President. Well, we should pray for the President and support him in what is right, but don't we still have freedom of speech. I'm just going ahead and report myself and my friend Doyle Smith in Smith Chapel (he told me to).

A word of warning to the liberals: The American people will not give up their freedoms without a major struggle. You elitist's can take that to the bank. Go ahead and report your neighbor but one greater than his zar's is watching. He's called God.
