After a lot of planning and organizing, the Ferrell Meador Apple Festival was a huge success with lots of visitors turning out for the eighth annual event last Saturday.

Mother Nature provided a beautiful day and the pinto beans and apple desserts hit the spot at noon. “We want to thank everyone in the community for the support we continue to receive here at Knollwood Manor and The White House Assisted Living facility,” said Linda Austin, “and Beverly Walker and myself extend a hand of friendship to the entire community. We want to send a special thank you to Ferrell Meador. See you next year!”
